

# Merriwa and District Community Forum Report

#### ABOUT THIS REPORT

This report sets out the results of the Community Forum – an event held to gather ideas for the future of Merriwa and the surrounding district. The event was hosted by the Merriwa District Progress Association on 5 November 2022.

#### INTRODUCTION

In mid-2022 the Merriwa District Progress Association (MDPA) met with the Cassilis District Development Group (CDDG) to discuss projects and possible synergies between the two groups. During that meeting the CDDG shared their long-term plan for their district. This was an impressive plan based on community consultation and it planted the seed for the MDPA to embark on a similar planning process.

Inspired by the CDDG, the MDPA held a community forum planning event at the Merriwa RSL Auditorium on 5 November 2022. The goal was to gather ideas for a long-term plan for Merriwa and the surrounding district (five years and beyond). In the lead up to the forum the community was also invited to provide ideas via phone, via an online suggestion form and via a suggestion box at the Merriwa Pharmacy (thanks to Rob Smith for accommodating us). This meant that for those who were unable to attend the forum, alternative options were available.

The Community Forum event was advertised through a letterbox drop to all households in the Merriwa district and via Facebook posts on Merriwa Connect. Aside from inviting recipients and readers to attend the Community Forum in person (no RSVP required), the flyer and posts also invited suggestions via phone, via the online suggestion form and via the suggestion box.

An astounding 45 people attended the Community Forum half-day event and they really had their thinking caps on. This was an excellent turnout for a town the size of Merriwa.

This report documents the themes that emerged during the Community Forum – all aimed at improving and facilitating the social, economic, cultural and economic development of Merriwa and the surrounding district.

#### <u>RESULTS</u>

For full transparency, and to provide a complete picture of the ideas and comments submitted, all written suggestions have been listed at the end of this report. To better consolidate the ideas, they have been grouped into very broad themes.

#### Brighten and Beautify Merriwa's Central Business District

Quite a few of the attendees at the public forum thought it would be a good idea to brighten and beautify the main Merriwa Central Business District (CBD) by painting and enhancing the shopfronts and their facades, improving street lighting, planting trees and flowers, removing litter and resolving the issue of overflowing rubbish bins remaining on the footpaths for days until collected.

Some specific ideas include:

- a sepia mural on the Bow Street wall of the Merriwa RSL Club
- replacing the mobile kiosk that is used for street stalls
- displaying flags and posters.

#### General Improvements of the Township of Merriwa

To improve the amenity of the Merriwa township generally, it was suggested that trees under power lines be pruned more sympathetically (and / or laying of electricity cables underground), that more focus be placed on the Merriwa river, and that residents (especially those adjoining the Golden Highway) be encouraged to tidy their yards of rubbish, old cars and unwanted paraphernalia.

# Food, Produce Markets and Outdoor Lifestyle

Although many espoused the attraction of Merriwa as a friendly rural community, there were suggestions to improve the lifestyles by holding regular food and produce markets, holding music and healthy outdoor exercise activity events. The creation of a dedicated dog park and increased swimming pool opening hours was recommended.

To improve the experience of both visitors and locals, it was suggested that more focus be placed on improving access to the Merriwa River for picnics, walks and water activities. It was determined there is a need to increase the availability of dining outlets and accommodation facilities.

#### Community Communication and Group Activities

Many would like to see the return of The Ringer or similar regularly printed news publication. Others hoped to see a range of public events.

#### Education, Training and Employment

There were suggestions for improved training opportunities in topics such as cooking, community group administration, and grant applications for all levels of the community.

#### **Roads and Traffic**

Road maintenance was a significant issue. The need to slow traffic through the CBD was raised, suggesting that a bypass around Merriwa (esp. for heavy vehicles) would be a potential solution.

## Services (Shopping, Fuel and Medical)

There was a significant call-out for improved doctor services in Merriwa, especially those who could attend the Merriwa MPS. Respondees also asked for more outlets for fuel and groceries.

#### Tourism

Suggestions to encourage tourism in the district included improved signage, developing activities and attractions for tourists and locals alike, especially around the Merriwa River.

#### Upgrade to Silo Area

A concept (currently in an embryonic stage), for a proposed settlers' museum and pioneer garden around the silo / railway precinct was presented on the day and was received by attendees with a great deal of enthusiasm.

#### Shared Cycleway and Walking Path

Attendees suggested ideas for enhancing the cycleway and walking path by adding a mural under the Merriwa River bridge, a native plant and animal theme, sculptures and QR codes for information websites.

#### More Council Attention to the Merriwa District

Attendees identified the need for the Upper Hunter Shire Council to be more focussed toward Merriwa, with more equitable allocation of resources and the location of senior management in Merriwa.

#### HOW WILL THE RESULTS BE USED?

The MDPA would like to see the Upper Hunter Shire Council use the results of this community forum to identify worthwhile projects in the district that are important to the community, to apply for funding from an appropriate organisation and to include those projects in their annual operational plan.

The MDPA will use the results to help develop a long-term plan.

It is also hoped that the community, governments and investors will use the results to identify social needs and potential business opportunities in the district.

The MDPA would welcome any volunteers to take on these themes (or part of any theme) and develop them as a project, either independently or under the guidance of the MDPA.

# **CONCLUSION**

Whilst many of these suggestions require long-term implementation, there are some worthwhile projects that can be implemented in the short term. For example: uplighting trees in the main street; dog park near the silos; extending pool opening hours; training for meeting procedures etc; obtaining defibrillators around town; illuminating the mural in the Rotary playground; and painting a mural under the Merriwa River bridge and the RSL wall. It's time to get started.

# **SUGGESTIONS**

Listed below are the actual suggestions made by attendees and the community through the open forum process.

Drighten and Deputify Memiryale Control Ducin	District	
Brighten and Beautify Merriwa's Central Busin		
Update (paint) shopfront facades Uplight trees in the main street Distinctive overhead lights in the main street Paint or render the Civic Centre Paint a sepia mural on the Bow Street wall of the RSL Club Improved streetscape Paint shopfronts Brighten main street Need a new unit (kiosk) for street stalls (that is easier for volunteers to transport) Trees and plants in main shop area Need Christmas decorations Make the town more attractive - facades are disgusting - planter boxes are awful	Refresh and brighten the town centre Fruit trees and herbs in main street A few flower pots in the main street Lighting in the street Gardens with flowers Streetscape Christmas tree decorations (lights, flags, posters) Shop fronts painted Beautification of main street - trees; gardens; remove ugly cement in middle of road; paint building awnings; lighting; more seating along main street; utilise local sculpture talent in main street	
General Improvements to the Township of Merriwa		
Bus stop seating and shade (for school bus) Clean up rubbish on roads Beautification and regeneration Inter town transport links Utilise existing facilities, like the racecourse More native trees Keep its quintessential value as a country town with pride Solar powered lighting to illuminate the new mural in the Rotary playgrounds Beautify the Merriwa River Safe river access Revisit the proposed damming of the Goulburn River at Kerrabee	<ul> <li>Trees under power lines to be cut decently - now very ugly</li> <li>Town tidy-up remove cars in backyards viewed from the road</li> <li>Tree planting campaigns</li> <li>Chocolate factory</li> <li>Powerlines underground</li> <li>Plant fruit trees (citrus)</li> <li>Look for solutions to what we want to do rather than problems with doing something so we end up not doing it.</li> <li>Look for solutions to issues than always identifying why it can't be done.</li> <li>Electricity underground</li> </ul>	
Food, Produce Markets and Outdoor Lifestyle		
Need more coffee places, now that Santos and Twisted Takeaway have closed Need more eating places Selling herbs Cafe outdoor street eating areas Monthly farmers (and other) markets Swimming pool hours to open in November and close in April / May Street stall at least once per month, with homemade and home grown produce Better river frontage areas Town markets Food share / swap meets Markets Park run	Walk / cycle path Exercise stopping points (with equipment) Water activities - river, pool, heated Heated pool Pool open more hours Increased pool attendance Pool opening hours Heated pool Music events Market local events, activities and natural beauty External eating at night (not a lot available in town) Excess vegetable distribution Community gardens	

Community Communication and Group Activities		
There is nothing here for families.	Family venues (pubs, clubs)	
Community vegetable garden	Sporting gala days for families	
Fenced in dog park within town, so the dogs can	Billy cart race	
run free	Events in Merriwa - yearly rodeo	
A bike track	Better seating at the showground, and	
Dog park near the silo tourist hub	potentially a covered arena such as that at	
Encourage more social events utilising local	White Park, Scone	
halls	Greater use of Instagram, Facebook and	
Indigenous heritage	MyMerriwa	
Need better communication for town events -	Need another Ringer paper. Please!!!	
The Ringer	Advertise local events more, as not everyone	
Music days	has Facebook	
Community garden	A letterbox drop is better than on-line, as it can	
Fishing competition	be read anytime	
Sculpture competition	Greater acknowledgement of early Aboriginal	
Dog training classes	presence in the district	
Inter-town competitions - eg: skateboard riding	Bring back local newspaper	
Education, Training and Employment		
TAFE and further learning opportunities	Understanding heritage regulations, and how to	
Better job opportunities	manage streamlining planning proposals	
Make kitchen building at High School available	Understanding pathways to funding and vision /	
to the general public	project ??????	
Improve literacy by holding courses in: running	Short course centre for citizens	
committees; insurance literacy; etc.	Uni / TAFE centre for teaching	
TAFE for cooking (building)	Training people on meeting procedures and	
	• • • • • • • • • • • • • • • • • • • •	
Poodo and Troffic	insurance for public events	
Roads and Traffic		
Better roads. We need our cars to be	Traffic is too fast to 'smell the roses'	
Better roads. We need our cars to be roadworthy yet our roads are undriveable	Traffic is too fast to 'smell the roses' Roads need to be improved	
Better roads. We need our cars to be roadworthy yet our roads are undriveable in some parts.	Traffic is too fast to 'smell the roses' Roads need to be improved Better road maintenance	
Better roads. We need our cars to be roadworthy yet our roads are undriveable in some parts. Traffic is too fast through town - needs to be	Traffic is too fast to 'smell the roses' Roads need to be improved Better road maintenance Safe roads and travel

Tourism	
<ul> <li>Promote the local history of Merriwa and surrounds. There is much more than people realise: rabbit cannery during WWI; Jimmy Governor; Murdering Hut Gully.</li> <li>More art murals and sculptures</li> <li>We need to promote the district more. Council does not seem to do any promotion of Merriwa, Cassilis or the surrounding area.</li> <li>More attractive caravan park. Maybe the main road is not the best place for it because of noise.</li> <li>Open the bottle museum to the public.</li> <li>Toilet signs</li> <li>Toilets in the main street</li> <li>Upper Hunter Snail Trail - bike packing (Modelled on Central West Cycle Trail)</li> </ul>	Merriwa should be more like Denman Events are needed to bring people into Merriwa Better signs to welcome people to Merriwa More accommodation Make Merriwa River the centrepiece - outdoor / indoor cafe, beaches, parks, umbrellas Accommodation - bottom pub opened Camping - town visit and on farms Local woolshed visits Accommodation - better range of types (BNB, Airbnb, Farmstays) Accommodation Make the river part of the town Keep up the good eateries (cafes) Both the pubs up and running with good pricing River more of a centrepiece
Upgrade to Silo Area	
Showcase the natural history of the area - plants and animals	Aboriginal history of the area Early European history
Shared Cycleway and Walking Path	
Paint a mural under the Merriwa River bridge (similar to the painted honeyeater) Adopt a native plant / animal theme Install QR codes to link information websites Sculptures (as at Walcha)	Fundraising night for footpath contribution More community ownership of opportunities in community - not bound by so much red tape - eg: volunteer to pay \$100 on rate notice
More Council Attention to the Merriwa District	
Do all grants that Council receives get spent on what they are supposed to, or is a portion siphoned off and spent on the Scone Racecourse or Scone Airport? Rates paid spent in Merriwa UHSC negotiate with power company to get a better deal for all customers in the Shire	We need to have our Council back to Merriwa only, with local employees and our own equipment Management personnel in UHSC located in Merriwa Rates Make sure our rates are spent in Merriwa
